MEDIA RELEASE

October 14, 2008

Horizon School Division Enrolment Numbers Released

Enrolment in Horizon School Division as of September 30, 2008 is 6553 Kindergarten to Grade 12 students. Combined with 71 Pre-kindergarten students and 6 Early Entrance students a total of 6630 students were reported on the Principal September Statistical Report (PSSR). The PSSR is an electronic report completed annually by the principal at each school and submitted to Saskatchewan Learning.

September 30th enrollment numbers are used in the calculation of the funding received from the provincial government. The basic rate is multiplied by the number of students to calculate the basic program recognition. The basic rate provides a portion funding required for on-going operations of the division. Since the basic rate is directly tied to enrolments all school divisions are eligible for this funding.

Mr. Marc Danylchuk, Director of Education for Horizon School Division, commented, "Although Horizon School Division has recorded a slight decrease in enrolment over last year we are pleased to see that the decrease is not as significant as projected." Enrolment has only decreased by 105 students division wide since September 30, 2007. He added "We will continue to work hard to meet the needs of our students".

Individual School enrolments are recorded as follows:

Horizon School Division #205

Student populations as of September 30, 2008

SCHOOL	2008 -2009 Enrollment
