

## Ituna School Remembers

November has been a much more mellow month, as everyone calms down from all the excitement in October. As sports come to an end, our Thursday Spirit Day was Jersey Day in a bittersweet final wear before they were handed back. For Remembrance Day, each class got a wreath to decorate. When they were finished, each class walked to the cenotaph to place their wreath, and some students read poems. Visit the Ituna School Facebook for the video of each class walking down to place their wreath and pay their respects.
